

ProbeReply::dst_port

```
graph LR; A[ProbeReply::dst_port] --> B[ProbeReply::ip_protocol]
```

A diagram showing a dependency between two variables. On the left, a gray rectangular box contains the text 'ProbeReply::dst_port'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'ProbeReply::ip_protocol'. Both boxes have a black border.

ProbeReply::ip_protocol
